

# Our Cookie Policy

## **What is a cookie?**

A cookie is a small text file that is automatically stored on your computer when you visit a web site (which uses cookies). Cookies are sometimes required for technical reasons, such as remembering your settings and the shopping cart you have created. Today, most websites use cookies.

## **How long is a cookie active?**

Most cookies will be deleted when you close your browser. However, some so-called persistent cookies remain on your computer for a long time, which can last from ninety (90) days to years. You can manually delete these cookies manually by deleting your browser's cache.

## **Can I refuse or delete cookies?**

Yes, by modifying the web browser settings. This is different for all browsers. We recommend that you read the Help or Settings section of your browser for more information. If you reject certain cookies, this may result in you being unable to access the (specific) features of our web site.

## **Access to information**

We do not store personal information through cookies. Generally, you always have the right to access, correct, or delete the personal information that is stored on you. For more information, contact us at the contact details provided on this site.

## **Cookies used on our site**

### **1. Technically indispensable session cookies**

These cookies are needed to allow visitors to browse the web site, seamlessly and fully utilize its features, services available through the website, including - particularly - a remarkable visit by a visitor to the pages on a site during a visit. The duration of this cookie's data management is limited to the visitor's current visit, this type of cookies will automatically be deleted from your computer when the session is completed or when the browser is closed.

The managed data circuit: AVChatUserId, JSESSIONID, portal\_referer.

The legal basis for this data management is the 2001 CVIII., On certain electronic commerce services and information society services. Law 13 / A. § (3).

The purpose of data management is to ensure the proper functioning of the website.

### **2. Cookies requiring approval:**

These provide the opportunity for the Company to keep in mind the user's choices regarding the website. The visitor may prohibit this data management at any time prior to the use of the service

and during the use of the service. These data can not be linked to the identifier of the user and can not be transferred to a third party without the user's consent.

### **2.1. Usage promoting cookies**

The legal basis for data handling is the visitor's consent.

The purpose of the data management is to increase the efficiency of the service, increase user experience and make the use of the site more convenient.

The data processing period is 6 months.

### **2.2. Performance cookies**
